

Form 7b: Coastal permit application for existing boatshed

Please answer all questions fully. The questions provide a guide in order to satisfy the minimum information requirements that must be included with your application as prescribed in Schedule 4 of the Resource Management Act 1991 (RMA). Depending on the scale of your proposed activity, more detailed information and an Assessment of Environmental Effects (AEE) will be required to support the resource consent application.

Officers from the Greater Wellington Regional Council's (GWRC) Environmental Regulation department are available to assist with filling out this form or to clarify information to include with your application. Some basic/standard pre-application advice is provided at no cost.

This form is required to be filled out in conjunction with Form 1 Resource Consent Application

This application form is for replacing an existing consent for boatshed only. A more detailed application and AEE is required if you are planning a new boatshed.

Prior to lodging a coastal application

Prior to applying for resource consent in the common marine and coastal area you need to notify and seek the views of any group that has applied for recognition of customary marine title in the area relevant to your application as per section 62 of the Marine and Coastal Area (Takutai Moana) Act 2011 (MACA).

Note: Any application that is lodged without fulfilling the requirements of section 62 of the MACA will not be processed by GWRC and will be returned to you under section 88(3) of the Resource Management Act 1991.

For further information regarding fulfilling your obligations under MACA and for a list of applicant groups please go to <https://www.gw.govt.nz/your-region/resource-consents/coastal/>

Applicant declaration:

I have notified the relevant applicant group(s) under section 62 of the Marine and Coastal Area (Takutai Moana) Act 2011 and sought their views on the proposal.

Yes No

Please list every applicant group that you have notified and sought the views of

Part A: General information on nature and scale of your activity

1. **Description** (please tick items that apply to you):

Boatshed

Jetty

Skids or slipway

2. **Location** (ie, harbour, bay, inlet, etc):

3. **Boat shed, decking and jetty size:**

m²

metres x

metres

4. **Boatshed number:**

5. **Site address (if applicable):**

6. **Modifications:** Please advise of any modifications made to your boat shed over the past five years. Please note that any modifications made to the exterior of the boatshed require resource consent, and retrospective consents may be required. Consents for modifications should use Form 7a.

7. **Plumbing:** Please provide details of any plumbing configuration at the site if relevant

8. **Site photographs**

Please attach labelled photographs of the site in its present form.

9. Locality map

Please show the location of your proposed activity. Additionally, you may wish to attach a plan/aerial photograph showing information on the dimensions. Please clearly show any modifications made to the structure.

Note: Remember to indicate where north is and relevant location information, eg, distance and direction to nearest town/city. Name the waterbody(ies) shown on the map.

Part B: Assessment of effects on the environment (AEE)

1. Describe any effects on the environment arising from your boatshed (eg from discharges, occupation of the CMA, any navigation risks):

Part C: Monitoring and management of your activity

1. What ongoing monitoring and management do you propose to ensure any potential effects on the environment are avoided, remedied, or mitigated?
